

MomPLREbooks.com Affiliate Training Guide

Long gone are the days when you could slap a banner on your website and make sales through affiliate programs. Website surfers are immune to banners and “suffer” from what is commonly called “banner blindness”. Graphics are pretty and still have their place, but if you want to get serious about affiliate marketing you’ll need to go further than that.

This affiliate marketing guide includes 13 surefire ways to help you generate an income from the Mom PLR Ebooks affiliate program. The great thing is, you can apply these tips to all the affiliate programs you are involved with.

The Mom PLR Ebooks

1. Get to know Mom PLR Ebooks:

You can better promote a product if you are familiar with it and like it. We’re not just saying this to get you to buy our product, but a personal recommendation and good product knowledge goes a long way.

You may not be able to try every product you promote, but it is well known that affiliates that use the product will make better sales. To help you out, we allow affiliates to receive \$10 off their first month’s membership.

2. Write Your Own Recommendations & Ads:

You can always take any pre-written text provided in our affiliate program and see how they work for you, but it's generally better to write your own recommendations and ads. They add a personal touch that will persuade people to find out more.

Tips for Writing Ads & Recommendations

Be Aware of Your Target Reader's Needs: Understand benefits (most important!) and features of the products that will appeal to them.

Share Your Experience: Give concrete examples of how the product has worked for you. Don't just say you love it...illustrate the *benefits* it has provided to you.

Give Information, Not Necessarily A Sales Pitch: They'll get a sales pitch when they get to our website. Keep the tone informational and friendly...gain trust of your reader first. Your job is to warm up the visitor to our product. We'll close the sale.

More Internet Writing Tips

- *Use a provocative, attention-getting headline:* Ask a question: give a hard to resist benefit; tell your visitor how you've benefited from the product.

- *Prove your claims:* Don't say, "It worked for me". Say, HOW it worked for you. List concrete benefits of using Mom PLR Ebooks, how you implemented the use of the product and what results it produced.

- Avoid excessive exclamation points!!!!!! It looks like insincere hype.

- Avoid excessive capitalization. WRITING IN ALL IN CAPITAL LETTERS IS LIKE SHOUTING! Don't yell at your readers, okay?

- Keep it simple. People tend to skim while reading on the net and it can be hard on the eyes. Some ways to do this are to:

- Break up your paragraphs into bit-sized chunks
- Use headlines and subheadings
- Write in short sentences with simple language

3. Never Expect a Banner or a Graphic to Do All the Work for You:

"Banner blindness" is a common phenomena as we've already mentioned. In other words, people ignore banners. Although graphics can grab the attention of a website visitor, text and information is what they're looking for when they want to buy.

But you can find graphics at:

4. Create a Whole Page Review Dedicated to the Product:

Now, we're not trying to bully our way into your website by asking for a whole page. The fact of the matter is, full pages work. Your full-page feature will serve as the focal point of many of your promotions.

Benefits of Full Page Recommendations:

- Permits targeting specific keyword phrases to rank well on search engines.
- Commands your visitor's full attention.
- Allows you to go into detail about why you like and recommend the product. Include product benefits, features, personal experiences, graphics and anything else you feel is relevant. You can NEVER give too much information.
- Helps you warm up your visitor to the product before sending them to the website for a sales pitch.

How to Use Your Full Page Recommendation:

- Optimize your page for search engine visitors. Do your keyword research (<http://www.wordtracker.com>) to see what people are looking for and optimize your page for that. Include your chosen keyword phrase(s) in your title tag, description tag, page content, etc.
- Link to your full page recommendation from various areas of your website. Perhaps you'll put a graphic and a little introductory information on your home page. Then, you can give your visitors the option of following the link to the sales website or reading more about your product review.
- Recommend Mom PLR Ebooks to others in email or on message boards (only where allowed), and send them to your product review page. An affiliate link is often looked upon with suspicion and may not be allowed on a message board. Besides, you know these people; they want to know YOUR opinion. What they don't want a sales pitch from us.

5. Write Articles on Related Topics to Draw in Traffic & Interest:

Write articles about Mom PLR Ebooks, private label content and ebooks. You can include a recommendation for the product within the article or in your byline.

Article Writing Tips:

- Provide "real" information and tips in your articles. Make sure it doesn't sound like a sales pitch. Any recommendations you make should be added value to your article. The recommendation should not be its main purpose.
- Some marketers say to never put your recommendation or what you are selling in the body of your article. They say it belongs in your byline. But let's be serious. People will read your article, but they don't always read the byline. They are just grateful to get good information. As long as you write a highly informative article, your recommendation certainly has a place within the article itself (*Note*: If you are submitting articles to article directories, some may not allow this, so you may have to edit before submitting)
- Not sure what to write about? This is a common problem. Here are a few ideas, but you are encouraged to come up with your own ideas, too:
 - Write a list of your top 5 or 10 reasons to use PLR with a short explanation of each.
 - Write an article about the attractiveness and profitability of the mom market
 - Write an article about the benefits of the ebook business.

When writing your articles, always keep your target reader and her desires in mind.

Getting Your Articles Published:

Of course, you should publish your articles on your website and in your newsletter. You can also find other web publishers to run your articles as well. Many will not mind the inclusion of an affiliate link, as long as your article contains good, solid content.
